

# North Carolina Gun Violence

November 2019

---

## Gun violence takes a devastating toll on North Carolina

- From 2008 through 2017, 12,281 people were killed with guns in North Carolina.<sup>1</sup>
- From 2014 through 2018, there were 41 mass shootings in North Carolina. A total of 41 people were killed and 156 were injured.<sup>2</sup>

---

## North Carolina has some of the highest levels of gun-related crime in the country

- From 2008 through 2017, North Carolina had the 14th-highest rate of gun murders, with a rate of 4.46 gun homicides per 100,000 people. This rate is 16 percent higher than the national average.<sup>3</sup>
- From 2008 through 2017, a gun homicide occurred every 20 hours.<sup>4</sup>
- North Carolina has high rates of aggravated assaults committed with a gun. From 2008 through 2017, there were 83.9 aggravated assaults with a gun per 100,000 people in North Carolina, giving it a rank of 11th highest among all states.<sup>5</sup>

---

## The burden of gun violence in North Carolina falls disproportionately on communities of color

- Approximately 59 percent of the state's gun homicide victims are Black; however, only 22 percent of the state's population is Black.<sup>6</sup>

---

## Domestic violence and access to guns is a lethal combination in North Carolina

- From 2007 through 2016, 208 women were fatally shot by an intimate partner in North Carolina.<sup>7</sup>
- In North Carolina, 49 percent of female murder victims are killed by an intimate partner; out of those, 59 percent are killed with a gun.<sup>8</sup>

---

## Gun suicides are a substantial problem in North Carolina

- From 2008 through 2017, 7,437 people in North Carolina died by gun-related suicide, meaning a gun suicide occurred every 12 hours.<sup>9</sup>

---

## Young people are killed with guns in high numbers in North Carolina

- From 2008 through 2017, 1,115 people under the age of 21 were shot to death in North Carolina.<sup>10</sup>

---

## Fatal unintentional shootings are also common in North Carolina

- From 2008 through 2017, 295 people in North Carolina were killed as a result of an unintentional shooting. Twenty-one percent of these victims were under the age of 21.<sup>11</sup>

---

## Gun theft is a substantial problem in North Carolina

- From 2012 through 2018, close to 2,147 firearms were stolen from gun dealers in North Carolina.<sup>12</sup>
- Overall, an estimated 97,467 firearms were stolen in North Carolina from both individual gun owners and gun dealers from 2012 through 2017.<sup>13</sup>

---
